

MVP Total Care

MVP Total Care is an equine-wellness program specifically designed to prevent the disease we most commonly see in the Texas panhandle. Because the best disease to have is the one you never catch, we have tailored this program to save you money and time due to an illness.

Preventative medicine is the key to stopping health problems before they impair your horse's performance or become life-threatening. By encouraging regular veterinary care and fostering an improved relationship between the horse owner and the veterinarian, MVP Total Care helps make exceptional health care possible.

Mobile Veterinary Practice is able to offer you a discounted rate by purchasing all your MVP Total Care products and services at once. In addition, if your horse requires an out of call emergency during the year it is covered under the MVP Total Care program, Mobile Veterinary Practice will wave the \$75 after hours charge.

MVP Total Care includes:

Physical Exam X 2	\$70
Annual Dental Exam and Float	\$125
Ear exam and clean	\$25
